OF THE
CHURCH OF IRELAND

RB GENERAL UNIT TRUST
(NORTHERN IRELAND)

Summary of Annual Report and Financial Statements

Year ended 30 June 2011
WHO MAY INVEST IN THE RB GENERAL UNIT TRUST (NI)

The RB General Unit Trust (NI) is open to charitable trusts donated and bequeathed to, or accepted by, The Representative Church Body (RCB) for specific/general purposes of the Church of Ireland and for parishes and dioceses in Northern Ireland.

It is also open to trust funds administered by trustees other than the RCB where the specific purposes of the trusts are for the benefit of the Church of Ireland.

The RCB must receive all necessary documentation/information (copy of will or governing instrument, terms of trust, etc) prior to date of investment.

In some instances the RCB may request a disclaimer to be completed by a parish, diocese or other trust fund prior to investment in order to indemnify The Representative Church Body in its role as trustee, fund manager and administrator.

Inquiries or clarification on the acceptance of new trusts should be addressed to the Head of Trusts, The Representative Church Body, Church of Ireland House, Church Avenue, Rathmines, Dublin 6 (telephone + 353 1 4978422).
RB GENERAL UNIT TRUST (NI)

STATUS
The Trust was established on 1 January 1991 under a Deed of Trust granted by the Department of Finance and Personnel, Stormont, Belfast, in accordance with the statutory provisions of Section 25 of the Charities Act, (Northern Ireland) 1964.

AIMS
The Trust aims:

- to generate a stable income base and, over the longer term, to seek to provide an increasing income stream with capital appreciation.
- to maintain a balanced spread of investments primarily in UK equities and fixed income stocks.

VALUATION
The Trust portfolio is valued at market prices at the end of each month and the price of new units acquired reflects the income accrued by the Trust in the period.

PURCHASES/SALES
Units in the Trust may be bought or sold on the first day of every month. Income acquired on new units on any issue date is reflected in the unit distribution at the end of the distribution period. Income accrued since the previous distribution date is not reflected in the price of a unit when units are sold.

CHARGES
A charge of 1% to cover market transaction costs is included in the purchase price of new units. No charge is made on unit sales.

The costs of administering the Trust are borne by The Representative Church Body. However, in order to defray these costs, a 0.2% charge on the capital value of the Trust is taken from income (in accordance with the Trust Deed approved by the Department of Finance and Personnel).

TRUSTEE AND MANAGER
The Representative Church Body (which is an incorporated trustee body for the Church of Ireland with full charitable status) is Trustee under the terms of the Trust Deed approved by the Department of Finance and Personnel.

The Investment Committee of The Representative Church Body, and its investment team, formulate investment policy and manage the Trust on behalf of the Trustee.

**Dividend Policy**

It is the policy of the Trustee and the Manager to seek to provide unit holders with some stability, from year to year, in relation to the income they receive from their holding. Due to the deterioration in the corporate dividend environment over the past three years the Fund Manager has utilised the Dividend Equalisation Reserve in order to seek to maintain, or cushion the level of reduction in the distribution to unit holders. The drawdown from the Dividend Equalisation Reserve during the 2010/11 financial year amounted to £18,627 leaving its balance at the financial year end equal to £201,288 (representing 14.5% of the past year’s distribution).

With some moderate growth appearing in dividends as corporate earnings improved during the year, the Trust agreed to maintain its interim distribution at 4.3 pence and its final distribution at 6.0 pence.

While the level of distribution will be kept under review, it is hoped that the distribution can be sustained at the current level with dividend growth permitting a gradual reduction in the draw from the Reserve. However, dividend growth may be offset by lower available bond yields as existing higher-yielding bonds held by the Fund mature in the coming years. Additionally, any dividend reductions by larger portfolio holdings, as a result of company or industry specific events, can materially impact the unit trust’s ability to maintain or grow
distributions.

Current Yield

Based on the value of a unit at 30 June 2011 of 263.58 pence, and a full year distribution of 10.3 pence, the distribution yield was approximately 3.9%. (The comparative figures for 30 June 2010 showed a yield of 4.5% based on a unit value then of 227.31 pence and a full year distribution of 10.3 pence).
